

CLAIM#1

What I claim as my invention is giving people an opportunity to live happier lives with some one who they are attracted to and feel comfortable with. I think this invention is something we need in our time consuming society, so we all can live better our children will have better parenthood and our way of life would get better. This is defiantly not the answer to every relationship problems but it is a very good start.

CLAIM#2

What I claim as my invention is giving people an opportunity to meet the man/woman of their dreams exact to their description, make money and have fun in the process. I am a believer if people are happy in their relationships they would become successful in their jobs and become good providers for society. This is a great opportunity to live happier life with the person of your dreams, be a great parent to your children's, have fun in life and make money in the process by joining the referral program.

PART TWO:

All the customers that join the company would have a chance to make money in the process by joining the referral program. The way it works is by referring customers to the company and signing them up as a client. For every referral that a client refers to the company and they sign up the client would receive \$10.00, also for every customer that your referral signs up with the company the you would receive \$5.00 down to referral #6.

FOR EXAMPLE:

1st client that you sign up with the company you will receive \$10.00 per month.

1st customer that your client signs up with the company you would receive \$5.00 per month.

1st customer that your client's customer signs up with the company you would receive \$5.00 per month.

2nd customer that your client's customer signs up you would receive \$5.00 per month.

3rd customer that your client's customer signs up you would receive \$5.00 per month.

4th customer that your client's customer signs up you would receive \$5.00 per month.

For total of 5 customers that signed up under the first client for total of 6 clients. For total income of \$35.00 per month.

If you sign up only 25 different clients and your clients sign up 6 customers apiece your income would be $25 \times 6 = 150$ clients $\times \$35 = \875.00 per month.

If you sign up 50 different clients to the company and every single one of your clients sign up 50 customers a piece your monthly income would be $50 \times 6 = 350$ clients $\times \$35 = \12250.00 per month.

The more clients you sign up with the company the more money you would make, the more people under you sign up the more money you would make.

All of these services are for a small fee of \$39.95 per month if you decide not to join the referral program or \$59.95 if clients decide to join the referral program for minimum period of 12 months. If a client chooses to receive money from clients under them after the 12 months period, they need to continue making payments to the company even after the 12-month period. As long as the customers keeps their account current with the company by making their payments on time, they would receive money for every single one of those clients under them for as long as they are alive.
